Specifications

General

The cable pit shall be ACO J1000P PITLOK® SCEC (SL1) - concrete pit & steel lid - full* / split* body with Class B80kN / D240kN (AS 3996) lids as supplied by ACO Pty Ltd. or equal approved.

The pit is fully tested and assessed on behalf of SCEC. SCEC have subsequently endorsed the lids and pits to SL1 contingent on the use of SCEC (SL3) padlocks to secure the lids.

Materials

The pit body shall be manufactured from reinforced cement concrete with:

Compressive strength: 40MPa

The nominal clear opening shall be 945mm x 945mm x 905mm. Units shall be manufactured with an internal depth of 905mm.

The pit shall be covered with a SCEC (SL1) approved tamper evident locking steel lid. All lids must be load certified to AS 3996 and NATA tested certificates must be supplied.

Installation

The cable pit shall be installed in accordance with the manufacturer's installation instructions and recommendations.
